EXAMINER'S AMENDMENT/COMMENT

Oath/Declaration

1. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:
Non-initialed and/or non-dated alterations have been made to the oath or declaration. See 37 CFR 1.52(c).

2. Page 1 of 2 of the Declaration describes how the specification was filed as Application Number 10/533,783 which was filed May 4, 2005; however, applicants signed page 2 of 2 of the declaration on May 3, 2005. Thus, it is evident that page 1 of the Declaration has either been altered or does not correspond to page 1 of the Declaration signed by the inventors, as the Application Number and filing date are after the date the Declaration was signed.

3. Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth above. The substitute oath or declaration must be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability" (PTO-37). Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136. Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the date of the "Notice of Allowance" (PTOL-85) and the application number in the upper right hand corner.
